Hi Diane,

Thanks for your thoughts. Yes, can do. Attached is edited agenda with revised timeframes. Generally:

- Intro and meeting minutes: 15 minutes
- SFPUC: 20 minutes (I'll let SFPUC rep know)
- Port Resiliency Update: 25 minutes (Lindy can you confirm this is enough time for you?)
- SWL 330 Navigation Ctr: 1 hour

The link to the Port Commission staff report for the Nav Center can be found on the highlighted title but I also included a more specific link.

Hi Ming

Thank you for preparing this. Can you and Mark accommodate an agenda change to keep introduction and meeting minutes approval to 15 min or less? I think it is important we provide as much time for Nav Center as possible, and suggest you attach the Port Commission staff Nav Center report and any materials that Emily might have to provide presentation as efficiently as possible and maximize time for Q&A exchange. It will be important for Bessie/PUC and Lindy to be comfortable with their time assignments in the interest of maximizing time for the Nav Center discussion. One hour for Nav Center still seems tight to me.

Randy, Kari took excellent notes from Tuesday's public meetings which should be provided to Emily to help her prepare responses and new information in response to Port Commission and Delancey meeting comments, if possible.

Thanks,
Diane

Subject: Draft NEWAG/CWAG Agenda

Hi Diane,

Attached is the draft agenda that will be updated later today and go out tomorrow. Colette will be handling. I've sent the agenda to Lindy and to Randy to update their items. I'm meeting with Randy this afternoon at 2:30pm for a download of the Port Commission meeting and community meeting earlier this week on the Nav Center for some insight on what we might expect next Wednesday.

Let me know if you have any edits/comments/questions. Thanks.

Ming
